

**RANE POLYTECHNIC TECHNICAL CAMPUS  
TIRUCHIRAPPALLI - 12**

**ALUMNI NEWSLETTER**

**2016 - 2017**

# **MISSION OF ALUMNI CELL**

**Alumni Association is to support the college through the knowledge, skills and loyalty of its alumni; to communicate and interpret the College's goals and achievements to others; and to promote a spirit of unity among former students.**

## RANE FOUNDATION

The Rane Polytechnic Campus (RPTC) is a self - financed institution managed by Rane Foundation. The College was started during the academic year 2011-12, approved by All India Council for Technical Education (AICTE), New Delhi and affiliated to Directorate of Technical Education (DOTE), Tamil Nadu to conduct Three Year Diploma level courses in Engineering and Technology, with an objective to promote quality technical education in Trichy and Neighboring Districts. It has an eco - friendly building , spread over a 7 acre , campus at Fatima Nagar, Sethurapatti Village , Srirangam Taluk , Tiruchirappalli District.

# Message From The Principal

It gives me immense pleasure in writing this letter to my students community. My belief says and confirms that every individual is capable and can do wonders when they are getting adequate care and education. There are three things which shape good humanbeing in the society that Education, Environment and Experience.

Being in the education field we are trying our best to translate skills, knowledge and attitude (SKA) for each and every student at right place and at right time. This makes the student to become good engineer, good human being and good citizen of India.

My request to all readers especially my companions that encourage and leverage your potential to its maximum for the benefit of our students and invest your best effort and time to shape skill full India.

I wish all my students who contributed and show case their talents in this newsletter and best of luck for the career. My heartfelt thanks to Editorial team members of this newsletter for taking extra pain to make this newsletter colorful and joyful at the same time reaches its goal of skilling India.

**M.Saravanan, Principal**

# SUMMARY OF ALUMNI MEET

- Rane Polytechnic Technical campus conducted First Alumni Meet on 15.08.16. Monday at our Campus. 130 students and all the staff members were present in the meeting. Principal Prof.M.Saravanan presided over the Alumni Meet. The Chief Guest of the day was Dr.S.Sundar, Associate Professor & Controller of Examinations, BIM, Trichy. Mr.D.Viswanathan, DGM – Finance & Admin, Rane Holding Limited was the Guest of Honor. The Alumni Meet began with Tamil Thaa Vazhthu.
- Principal Prof.M.Saravanan delivered the Welcome Address. The Chief Guest Dr.S.Sundar conveyed that Alumni should know their role in the college. Alumni have to be in contact with the Institutions & students and share their industrial experiences with the students through Alumni Newsletter. Apart from this, Alumni should guide the juniors in getting the best job in their life. After this, Mr.M.Sankar, HOD/Mechanical Engineering presented the past and current academic year events, results of RPTC to the Alumni in a delightful manner. Alumni expressed their experiences that they feel very proud for studied here. Office bearers for the Alumni Cell were selected. The Alumni meet was ended with cultural. The Alumni Cell Coordinator Mr.S.Packiyaraj proposed the Vote of Thanks.

# STUDENTS REVIEW

I had been in RPTC for 3 years of Mechatronics Engineering 2013 – 2016 batch. According to my experience, RPTC coaching is awesome. You can get almost good coaching by the good faculties. But you should be ready to co-operate with teachers. According to me RPTC is quite good for completing Diploma as well as for extra Curricular Activities. Faculty is outstanding...but if u wants a good batch and excellent teacher's u have to perform well in class tests. The faculties are supporting us apart from the subject and college. I really missed to utilize library and extra-curricular activities like FSP, Technical Seminars etc., I request all the juniors to utilize all the resource in RPTC. I felt RPTC was like next home for me. We always say our department staffs are rocking. Our HOD, and other faculties are always help us to get good placement. RPTC is the only place where we can get knowledge, behavior, and good Attitude. . If we are able to keep pace with what's going in our class and put our best efforts then we will be able to score good marks in all of our tests at institute and in Board exams as well. Also I feel that the study material that is provided in class is also quite good and level of tests is also high to check your understanding of the topic. On the whole I like RPTC and that is why I joined in Mechatronics in 2013.

A. Kingslin ( 2013 – 2016 DMTE ),  
Rane NSK, Chennai

"I joined in Rane Polytechnic College by compulsion of my parents. My main aim is to enjoy the life. So I thought the Diploma Course was very easy and while I can enjoy the life a part. But after I came in to the Campus, I was seen totally a different life inside the campus. After I got the good relationship from Staff members as well as students, I had been changed my mind set. I studied well and I got the 75% of marks. All the staff members were very supportive and guileful. My college days in RPTC were amazing experience in my life. It has changed many things in my career as well as personal life. RPTC provides a quality education without the “college experience” — which in my view is a positive. The school holds regional accreditation. RPTC was a great stepping stone for me. I am now a B.E Student at Sastra University, Tanjore. Without RPTC, I would not likely have had the opportunity to finish a degree and move on to the next step in my life time. I miss my college a lot. If I get the change to study again Diploma, Definitely I will prefer RPTC. All the best for mv college future development.

R.Ragul ( 2012 – 2015 )  
B.E., Civil Engineering  
Sastra University  
Tanjore.

RPTC is good for you if you work hard, bad for you if you don't. No institute can convert a bad student into a good student... They can guide all the good and hardworking students though. If you really want to work very hard then you should go for RPTC. Staff members are taking classes very interesting. I can name many staff members who are really support the students to become success. RPTC atmosphere is very amazing to study. All successful people from RPTC love the Institute, others have negative views. So you'll like it if you work hard... If you don't then no institute can help you. I will definitely refer students to join in RPTC. Now I have placed in TVS company because of RPTC. I wish the college for future developments.

G.GunaSekar ( 2013 – 2016 DME )  
TVS

# PLACEMENT DETAILS

## MECHANICAL ENGINEERING

- 2014 - 2017 - 113 STUDENTS
