Rane Polytechnic Technical Campus

Vision of the Institution

To be the best industry relevant technical education institute in the region, enhancing employability of rural youth and promoting entrepreneurship for nation building.

Mission of the Institution

- *Recognizing the intrinsic abilities among the students and adopting appropriate teaching learning process for improving their technical competency*
- *Establishing state of the art infrastructure*
- *Providing Finishing School Programs (FSPs) for facilitating holistic development of the student*
- *Interfacing with industries for better employability and entrepreneurship*
- *Inculcating social responsibility among the students*

Department of Mechanical Engineering

Vision

- *To create Technically skilled and professionally competent workforce for Mechanical and allied engineering industries*

Mission

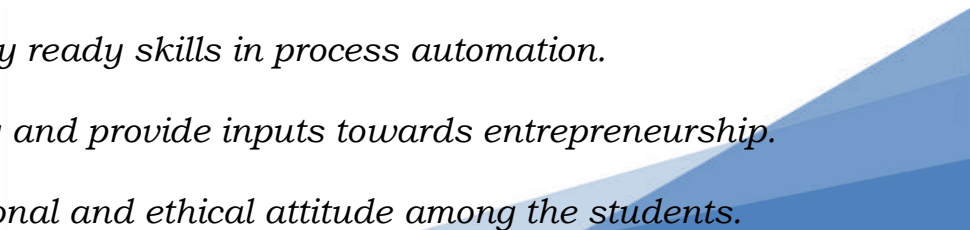

- *To facilitate conducive learning environment through quality resources*
- *To train the faculty for enhancing their competency*
- *To develop the employability of the students in line with industrial needs by interacting with mechanical & allied industries*
- *To provide effective career guidance to promote entrepreneurship and higher Education*
- *To promote personal and professional ethical values*

Department of Mechatronics Engineering

Vision

- *To develop industry ready mechatronics engineers with broad inter-disciplinary skills trained in core concepts of engineering, robotics, automation and controls*

Mission

- *To Enhance multi-disciplinary technical skills through innovative teaching-learning resources*
 - *To train the faculty for enhancing their competency*
 - *To train in industry ready skills in process automation.*
 - *To involve industry and provide inputs towards entrepreneurship.*
 - *To imbibe professional and ethical attitude among the students.*
- 

From the Principal's Desk

Dear Students,

Education is not an act of acquiring knowledge but learning a skill to lead life and forming one's personality. This is an ennobling process of growth. I can boldly say that we have excelled in every initiative that we undertook and we have stood together in facing the challenges in realizing quality education. We focus on discovering, developing and drawing out the hidden talents and the magic lying dormant inside all of its students. From academics to co-curricular activities, perseverance and a never-say-die spirit are entrenched in the heart of every student not only making them good students but brilliant human beings. In today's dynamic world, a 360 degree development and grooming is of supreme importance and through our campus we are creating an environment for future leaders, entrepreneurs and professional who possess skills and aptitudes in an array of functional disciplines.

I am very happy with the progress the college has made by imbibing in its students value based education synergized with modern teaching-learning methods to produce a generation of well informed and emotionally sound generation. I am positive that in times to come we will continue this journey with elevated enthusiasm and persistently provide a platform of holistic learning to the young generation of learners.

We are partners in learning with our students and seek to deepen their knowledge, provide enriching and innovative learning experiences, while also gently urging our students to come out of their comfort zone to attempt new challenges.

Our students graduate with the skills, mind sets and qualities that will best equip them for success Come on let's give our best and make this institution a modern temple of learning through our diligence, devotion and dedication. Wishing you all the best...!in the world of the future. They are the future leaders and role models of society.

All the Best.

Dr.Joshua Arul Kumar R

Principal

கவிதை

கல்வி

இருளில் இருந்து வெளிச்சத்தை
நோக்கி பயணிப்பதே கல்வி

கல்வி என்பது கடல்
அதை கற்றுக் கொடுப்பது
தொழில் அல்ல தவம்..
நம்பிக்கை கைவிட்டாலும்
நீ கற்ற கல்வி என்றும்
உன்னை கை விடாது

கல்வியின் நோக்கம்
வெற்று மனதை
திறந்த மனதாக
மாற்றுவதாகும்

எப்படிக் கற்றுக்கொள்வது என்பது
வாழ்க்கையின் மிக முக்கியமான திறமை

கல்வியின் மிக உயர்ந்த
குணமே சகிப்புத்தன்மை

கற்றலை நிறுத்தும் எவரும்
வயதானவராகி விடுவார்கள்..
இருபது வயதானாலும் என்பது
வயதானாலும்
கற்பதை தொடரும் எவரும்
இளமையாக தான் இருப்பார்கள்
உங்கள் மனதை இளமையாக
வைத்திருப்பது தான் வாழ்க்கையின்
மிகப்பெரிய இரகசியம்
